S.N.1 724-34 (R)

In September 1934 the Sister Superior, St. Mary's Home asked for a grant of Rs. 4,158 for providing Sanitary fittings to the bath rooms and latrines ~~xxxxx~~ attached to the Home. This has been entered in the consolidated list of demands for new works etc. The Sister Superior was informed that her request would receive sympathetic consideration in conjunction with other schemes for drainage extension in the Station which were in contemplation.

The present request of the Home is for a recurring grant. The St. Mary s Home is given an annual grant of Rs. 100 from the Resident's Discretionary grant. Under the existing financial stringency, and more particularly in view of the decreasing receipts in the M.A.T. revenues and the increasing demands on them, it is perhaps difficult to promise any recurring grant to the Home; but the application may however be noted for consideration at the time of preparation of the budget for 1936-37.

For orders whether the Collector may be informed accordingly.

Secy. 6.3.35 T.N.T. 6-3-35.

It is impossible to promise any permanent annual recurring grant; and I think it is only fair to make this quite clear.

When funds permit, we have always tried to help the Home in any way that we can; ~~either by means of small cash grants from funds at Resident's disposal, or by special grants for specific works;~~ and we shall continue to do so in future to whatever extent may be possible. The present state of the Assigned Tract revenues, however, has made it necessary to postpone consideration of many proposals for new expenditure, among them being an application from the Sister Superior of St. Mary's Home for a grant of about Rs.4,000/- for provision of sanitary fittings to the bath rooms and latrines attached to the Home.

Collector may be asked to reply to the Sister Superior on these lines ?

D.No. 8644 S.N.3

In 1934 the Sister Superior, St. Mary's Home asked for a Govt. grant of Rs. 4,158 for providing Sanitary fittings to the bath rooms and latrines attached to the Home. This has been entered in the consolidated list of demands for new works but it has not been possible to include the sum in the budget for 1936-37.

In 1935 the Sister Superior asked for a recurring grant from Govt.; but no permanent annual grant could be promised.

The request made by the Sister Superior to the Municipal Commission seems to be for a recurring grant; and it has the support of the Inspector of Schools. But the Commission have decided to give a grant of Rs. 250 to be met from the closing balance for 1935-36.

The resolution may be accepted. The Home seems to deserve help.

My dear Edwards,

The Lieut Governor of Punjab came to see me the other day, & enquired whether there was any chance of a grant from Government funds in aid of their activities. I informed her that an application would be too late for consideration in next year's Budget but if the application in time, such an application would receive consideration for inclusion in the Budget of the following year. She asked if she might submit an application through me

Dear Mr. MacIver.

I send herewith some statements of the accounts of S. Mary's Home, with foot notes accounting for some of the outstanding figures. They will, I hope, serve to show that any decrease of our expenditure seems impossible if we are to do the work of this Home effectively, but that if we go on at this rate, we shall soon be unable to meet our bills.

You know that this Home provides for daughters of the 'down-and-outs' of the Anglo-Indian Community, and is intended primarily for those of 14 - 20 years, when they leave school and are specially subject to temptation. We should be sorry to have to decrease our numbers, (as another means of decreasing our expenditure) because the Home seems to be specially in demand to meet such cases at the moment.

Also to decrease our numbers means to decrease our Receipts, for the girls do needlework and the demand for such work is so great, that we cannot meet it, and are

(3)

actually refusing money in that way.

I should be most grateful if you would approach the Government on the subject of granting us a yearly Grant which would bridge our difficulty.

The Church of England diocesan funds are so low that it is no good expecting an increased grant from them, I have been told.

Yours sincerely

Mary Agnes CSMV

RECURRING GRANT TO ST. MARY'S HOME.

My dear Rider

S.N.I

I am desired to refer to MacIver's demi-official letter No. 935-A.35, dated the 15th February 1935, forwarding an application from the Sister Superior, St. Mary's Home, for a recurring grant from Government. In reply I am to say that when funds have permitted, Government have always tried to help the Home in any way that they could, and that they will continue to do so in future to whatever extent may be possible. The present state of the Assigned Tract Revenues, however, has made it necessary to postpone consideration of many proposals for new expenditure, among them being an application from the Sister Superior of St. Mary's Home for a grant of about Rs.4000/ for provision of sanitary fittings to the bath rooms and latrines attached to the Home.

In any case, it is impossible to hold out any hope of any permanent annual recurring grant; and it seems only fair that

(10

that this should be made clear to the Sister Superior.

If you see no objection, I am to request you to reply to the Sister Superior on these lines.

Yours sincerely.

Subject:-Grant from the Municipal Fund to the St.Mary's Home.

I have the honour to forward, herewith, copy of an application dated the 27th May 1935, from the Sister Superior, St.Mary's Home, for a grant-in-aid from the Municipal Fund to the Institution together with a copy of Endorsement No.2119/B.106-35, dated the 1st June 1935, from the Inspector of Schools, recommending the application.

2. The application was considered by the Municipal Commission at their ordinary meeting held on the 29th August 1935, when it was resolved that a grant of Rs.250/- be given to the Institution. I submit the Commission's resolution No.12, dated the 29th August 1935, on the subject, for the orders of the Hon'ble the Resident. The grant, if sanctioned, will be met from the closing balance for 1935-36.

3. I enclose for your information and return a descriptive pamphlet regarding the institution and the Annual Report for the year ending the 31st March 1935..

I have the honour to be,

Application dated the 27th May 1935 from the Sister Superior, St.Mary's Home, Bangalore, to the President, Municipal Commission, Civil and Military Station, Bangalore.

At the request of our Committee, I am writing to ask you if it would be possible to obtain a Municipal Grant for St.Mary's Home.

Our financial position is very unsound, and we must increase our receipts if we are to carry on at all.

I believe it is true to say that, outside the Roman Community, we are the only Institution in India south of Calcutta, that receives destitute Anglo-Indian girls for domestic training. We, therefore, answer a very necessary need and the Home is always full.

We should be most grateful if you would given the matter sympathetic consideration.

Endorsement No.2119/B.106-35, dated the 1st June 1935, from the Inspector of Schools, Coorg & Bangalore, Bangalore, to the President, Municipal Commission, Civil and Military Station, Bangalore.

Subject:-Letter dated the 27th May 1935 from the Sister Superior, St.Mary's Home, Bangalore, applying for a grant-in-aid from Municipal Funds.

Forwarded with the recommended that this request may be considered with sympathy. The Municipal Commission gives grants to most of the Institutions of this type in the Station and this Home has, I think, a similar claim. The work that this Home does is well worthy of support. A descriptive pamphlet is enclosed.
